Intensive Care Medicine: Current Issue

Intensive care involves continuing supervision, care and treatment by doctors, nurses, physiotherapists, technicians, dieticians and others. An intensive care unit (ICU) is a designated area offering facilities for the

STANDARDS FOR INTENSIVE CARE UNITS - UCLouvain

You can help the intensive care staff by choosing a family member or friend to be the main contact. Staff can tell the main contact how the patient is doing and they can pass on the information to other family members. This will save time for staff and relatives. Patient diaries Often, relatives find it helpful to keep a diary of what is happening. It can help you to look back and see small ...
